 - ii. Per image, the possibility to delete the image from the list
 6. Hard Statistic
 - a. Statistic title
 - i. Type: text
 - ii. Action: Input text, replace previous one
 - b. Statistic value
 - i. Type: text
 - ii. Action: Input text, replace previous one

Page: Dewa Signature

This page has EXACTLY the same structure as the Page Limited Edition. The only change would be that the second section should have the name “Dewa Signature Projects”, and its subsection should be modified accordingly to match the Section’s title.

Page: Frontier

This page is very similar to the previous two, with only a few differences. Specifically in the structure of the projects, and because it includes an additional page.

Section: Hero

- Exactly the same as the Page Limited Edition

Section: Frontier Projects

Very analogous to the Limited Edition Section, with only a few changes.

Elements:

1. Existing Projects
 - a. Type: List of Frontier Projects
 - b. Action: Display existing ‘Frontier Projects’
 - i. Per project, the client can select to update the project by modifying its existing information and adding new elements.
 - ii. Per project, the client can decide to delete the project – this action will remove the project from the existing projects list.
2. Add New Project
 - a. Type: Form to create a new Frontier Project – Consider the structure of a ‘Frontier Project’, displayed below.
 - b. Action: Create a New ‘Frontier Project’ and Include it in the Existing Projects subsection.

Frontier Project:

- Exactly the same as a Limited Edition project, with just two changes:
1. In the project notes, instead of having the four project notes considered in the Limited Edition Notes, these projects have six notes, namely: Note top-left, Note top-middle, Note top-right, Note bottom-left, Note bottom-middle, Note bottom-right
 2. A new field “Category”, which can take any of the following tree values (the last option has two subcategories):
 - a. Industrial Parks
 - b. Industrial Portfolios
 - c. Frontier Projects
 - i. BTS
 - ii. SPECS

Section: AC2 Notice

Elements:

1. AC2 Logo
 - a. Type: Image
 - b. Action: Upload Image – connected with the firebase storage. If the client already has an uploaded image for this field, the new image will substitute the previous one.
2. Section Title
 - a. Type: Text
 - b. Action: Input text, replace previous one
3. Section Description
 - a. Type: Text Area
 - b. Action: Input text, replace previous one
4. Section Image
 - a. Type: Image
 - b. Action: Upload Image – connected with the firebase storage. If the client already has an uploaded image for this field, the new image will substitute the previous one.

Page: Artha Legacy

This page is identical to the Page: Frontier, but has no “AC2 Notice Section” ; Instead of the “Frontier Projects” section, let's have it as “Artha Legacy Projects”, and the categories are: ArtHack10 and ArtHack17. Those are the only differences.

Page: Dewa Legacy

The page is very similar to the other ones. The sections are:

1. Hero
2. Main Text
3. Dewa Legacy Projects

Each of the section elements are described next:

Hero

1. Background Image – (image upload) the client can replace the image by uploading a new one
2. Hero Title – (text) the client can modify this value

Main Text

- Basically just a text area, which the client can modify. The initial value is: “Tracing the foundations of DEWA — a curated record of the ventures that delivered results, lessons, and lasting perspective.”

Dewa Legacy Projects

- List of Dewa Legacy Projects. The client can create new projects, or delete existing ones. Each project has the following elements:
 - Project Title (text)
 - Project Location (text)
 - Project Description (text area)
 - Project Display Image (upload image)
 - Explore In Pictures (link)
 - Gallery (list of upload images ; the client can add new images or delete existing)
 - Indicators (list of indicators; there are six indicators. The client can edit these)
 - each indicator has the following elements:
 - Indicator Name (text)
 - Indicator Value (text)

Page: Newsroom

This page is somewhat different from the others. Especially by the fact that the whole page, and each of the sections should have an “ON-OFF switch”. This is due to the fact that the client is not ready to have all the sections “live” on its page, so he should be able to “turn them off/on” voluntarily. Again, as the other pages, the elements should consider the english and spanish version.

The sections of “Page: Newsroom” are:

1. Hero
2. Prosperity Reports
3. In the News
4. Press Kits

Now, I will describe the elements of each section.

Section: Hero

Elements:

1. Hero Image - (Type: Image) The client can upload an image. If there is an existing image uploaded, it will be replaced by the new one.
2. Hero Text - (Type: Text) The client can update the text and replace the previous one.

Section: Prosperity Reports

Elements:

1. Section Title - (text)
2. Section Subtitle - (text)

3. Section Description - (text area)
4. Year Reports - This section consists of a list of “Year Reports”. The client can add new year reports, update them, or delete existing ones. Each year report contains the following elements:
 - a. Year (text)
 - b. Q1 Report
 - i. Report Name - (text; by default “Q1 Report”)
 - ii. Report Link - (link)
 - c. Q2 Report
 - i. Report Name - (text; by default “Q2 Report”)
 - ii. Report Link - (link)
 - d. Q3 Report
 - i. Report Name - (text; by default “Q3 Report”)
 - ii. Report Link - (link)
 - e. Q4 Report
 - i. Report Name - (text; by default “Q4 Report”)
 - ii. Report Link - (link)

Section: In the News

The purpose of this section is for the client to upload, edit, and delete relevant news related to his business.

Elements:

1. Section Title - (text)
2. News - List of News. The client can add news, update them, and delete them. Each “News” has the following elements:
 - a. News Title - (text)
 - b. Publisher - (text)
 - c. Date - (text)
 - d. Read More
 - i. Read More Text - (text)
 - ii. Read More Link - (link)
3. Load More
 - a. Load More Text - (text)

Section: Press Kits

Elements:

1. Section Title - (text)
2. Section Subtitle - (text)
3. Section Description - (text area)
4. Section Image - (image)
5. Download
 - a. Download Text - (text)
 - b. Download Link - (link)

6. Get In Touch
 - a. Get In Touch Text - (text)
 - b. Get In Touch Link - (link)
7. Back Home
 - a. Back Home Text - (text)
